

Student Fees Policy

Section 1 - Purpose and Scope

(1) The University may impose fees for admission, enrolment, tuition, examination, use of University facilities, other goods and services provided in conjunction with a course or program and as penalties. Fees may vary for different categories of students and different administrative arrangements for payment may apply.

(2) This Policy is to be read in conjunction with the terms of any scholarship awarded to a student and the requirements of relevant third party arrangements. This Policy complies with the [Higher Education Support Act 2003 \(Cth\) \(HESA\)](#) and the [Education Services for Overseas Students Act 2000 \(Cth\) \(ESOS\)](#) and related instruments.

(3) This Policy applies to all students enrolled in (or seeking to enrol in) a course or program at UQ. For fees associated with shorter form credentials refer to the [Shorter Form Credentials Admission, Enrolment, Fees and Assessment Procedure](#).

Section 2 - Principles and Key Requirements

Part A - General Principles for Setting and Administering Fees

- (4) To ensure the student fees are set and administered in accordance with legislative obligations, the University will:
- Give students an opportunity to complete the requirements of their course or program without the imposition of fees that are additional to student contribution amounts, tuition fees and student services and amenities fees.^[1]
 - When determining the indexation of fees, consider the impact of any increase on continuing students.
 - Set the amount of a fee in relation to the delivery of services with consideration to the cost of delivery, with the exception of fees charged as a fine or penalty.^[2]
 - Set fees in time to meet internal and external publication requirements, including legislative requirements^[3], provide adequate time for fees information to be promulgated to current and prospective students, and to inform the University's budget planning processes.
 - Administer fees in accordance with [HESA](#), [ESOS](#) and related instruments.
 - Review fees on an annual basis.

(5) Appendix 2 summarises the basis on which student contribution amounts and tuition fees are set and charged for different cohorts of students.

(6) Appendix 3 summarises the decision makers for fees matters, including a summary of the instrument of sub-delegation of the Vice-Chancellor's powers.

Part B - Tuition Fees

(7) The University may set tuition fees at different rates for different cohorts of students^[4] (e.g. based on year of admission, program, course etc.) in accordance with the fees scheme as outlined in Appendix 2.

- (8) The tuition fee for any course must not be less than the maximum Student Contribution Amount payable for that course by Commonwealth Supported students.^[5]
- (9) The tuition fee for any course for an international student must not be less than the 'minimum indicative fees for overseas students' set by the Australian government.^[6]
- (10) Tuition fees must not include fees for amenities, facilities, goods or services of a non-academic nature.
- (11) The tuition fee rates for each academic year from 2018 are published in the fee schedules on my.UQ.
- (12) The tuition fee rates for academic years prior to 2018 are published in the (archived) Fee Rules for the given year.

Part C - Fees for Students in a Commonwealth Supported Place (CSP)

- (13) The University will use the maximum Student Contribution Band Amounts determined by the Australian government for a calendar year, to set relevant University Student Contribution Band Amounts.
- (14) The University may treat a person as a Commonwealth supported student for a particular course only if the person has completed a request for Commonwealth assistance and paid the Student Contribution Amount (SCA) for that course by the census date.^[7]
- (15) A student who provides a verifiable Tax File Number and Unique Student Identifier and defers payment of the SCA under HECS-HELP by the census date, is considered to have paid the SCA.^[7]
- (16) A student who has not paid the SCA for a course by census date may continue as a student for that course only if the student pays the domestic student tuition fees set for that course for the year.

Part D - Student Services and Amenities Fees (SSAF)

- (17) The University will set [Student Services and Amenities Fee](#) (SSAF) for the provision of amenities, facilities and support services of a non-academic and non-political nature.^[8]
- (18) The University will use the maximum annual SSAF amount set by the Australian government for each academic year to set relevant SSAF amounts.
- (19) The University may set different SSAF amounts (including a zero amount) for different categories of students.^[9]

Part E - Administrative Charges

- (20) The University will set administrative charges.

Part F - Program and Course Related Incidental Fees

- (21) The University may set program or course related incidental fees as set out in the [Incidental Student Fees and Charges Procedure](#).

Part G - Deposits

- (22) The University may require a commencing international student to pay a deposit in order to confirm their offer of a place.

Part H - Varying Fees

(23) The University cannot waive tuition fees and student contribution amounts or remove liability for HECS-HELP and FEE-HELP, unless the 'Removal of Financial Liability due to Special Circumstances' provisions of this Policy apply.^[10]

(24) The Academic Registrar may vary the tuition or student services and amenities fees for a student where an issue is not dealt with in this Policy and related procedures, including:

- a. a variation in the amount of a fee payable on administrative grounds; and
- b. a variation in the time to pay a fee.

Note: Administrative grounds would be because of administrative error on behalf of the University.

(25) The University may discount tuition fees for specific cohorts of students including:

- a. students covered by a Contract, International Agreement or International Development Contract for which the Vice-Chancellor or University Senate has approved a fee discount;
- b. students awarded a fee reduction scholarship approved by the Vice-Chancellor; or
- c. a fee reduction or discount scheme approved by the University Senate or Vice-Chancellor.

Part I - Student Responsibilities

(26) A student must pay all the relevant fees by the due date.

(27) Students remain responsible for their fees in cases where the University enters into an arrangement with a third party for payment of the student's fees. If the third party does not make full payment, the student assumes responsibility for payment of any outstanding fees.

(28) A student must inform the University promptly if their capacity to pay their fees changes.

Part J - Refunds and Uncollected Funds

(29) Fees are incurred by a student on the census date for each course and study period in which the student is enrolled. A student incurs fee liability for all courses and programs in which they are enrolled as at midnight on census date.

(30) A student who withdraws by the census date will be entitled to a full refund, after application of any relevant administrative charges for student default^[11] and subject to the provisions of any third party sponsorship, payment or loan arrangements.

(31) Where an amount has been in credit in a student's account which has been inactive for more than 15 months, the University will transfer the uncollected funds to a University fund to support students.

(32) A student who is excluded or suspended under a University policy or procedure after the census date for a study period is not entitled to a refund of fees for that study period.

(33) If a student's enrolments are cancelled under a University policy, or procedure after the census date for a study period, they may be charged an administrative fee equal to the value of the cancelled enrolment and will not receive a refund for that study period's fees.

Part K - Consequences of Non-payment

(34) A student's enrolment is provisional until all fees have been paid. If a student fails to pay all relevant fees by the due date, the University may apply one or more of the following sanctions:

- a. Impose administrative charges.
- b. Withhold grades.
- c. Prevent further enrolment.
- d. Cancel a student's enrolment and discontinue their program.
- e. International students must re-apply for admission.
- f. Cancel or restrict access to University resources, facilities and services.
- g. Refuse to graduate the student.

Part L - Removal of Financial Liability due to Special Circumstances

(35) If a student withdraws (or otherwise fails to complete a course) due to special circumstances which are beyond the student's control, and do not make their full impact on the student until on or after the census date for the course; and make it impracticable for the student to complete the requirements for the course during the period during which the student undertook, or was to undertake, the course, they may apply in writing to have the financial liability removed due to special circumstances.^[12]

(36) Applications for removal of financial liability due to special circumstances will be considered in accordance with [Removal of Courses Due to Special Circumstances Procedure](#).
