

# Student Grievance Resolution Policy

## Section 1 - Purpose and Objectives

(1) The University is committed to providing an effective student complaints management system based on best practice. The Policy and Procedure reflect, practically and philosophically, the expectations and responsibilities of both the University and its students when dealing with grievances or appeals.

## Section 3 - Policy Scope/Coverage

(2) This Policy applies to all students enrolled in courses, shorter form credentials and programs and to University staff involved in managing or responding to student grievances or appeals to decisions made in accordance with University policy, procedures and rules.

(3) Where it is considered that the matters contained in the grievance may amount to misconduct or serious misconduct (as defined in the [Enterprise Agreement](#)) by a staff member, the matter must be referred to the staff member's supervisor for consideration in accordance with the relevant provision of the [Enterprise Agreement](#).

## Section 4 - Policy Statement

(4) The following principles guide the [Student Grievance Resolution Guideline](#) processes:

- a. The resolution of student grievances will be handled informally where possible and appropriate.
- b. Student grievances will be addressed as close as possible to the source of student dissatisfaction.
- c. A student is entitled to appeal to the next most senior decision maker, providing they can either supply new or additional information to support their case or they can substantiate an argument as to why the original decision did not comply with University's policies, rules or procedures. (It is not sufficient to simply disagree with the decision and to want it examined by a more senior staff member).
- d. Grievances will be resolved expeditiously, with due regard to legislative requirements (For example, Standard 8 of the [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#) requires the process to commence within 10 business days, is to be at no direct cost to the student and is to be finalised as soon as practicable) and confidentiality as endorsed in the University's [Privacy Management Policy](#).
- e. A student's enrolment will be maintained while the complaint and appeal process is ongoing. However, this does not entitle a student to enrol in courses, shorter form credentials or programs for which they are not eligible.
- f. A student will not suffer any reprisal as a result of lodging a grievance or an appeal.
- g. A student who lodges a grievance that is frivolous and/or vexatious, will have their grievance dismissed or discontinued. Such conduct may be considered as misconduct and investigated under the University's [Student Integrity and Misconduct Policy](#).
- h. A student attending an interview associated with resolving their grievance or appeal may be accompanied by a support person. This person must not be a legal representative or a currently practicing solicitor or barrister.
- i. The student grievance process will promote the principles of procedural fairness and natural justice.
- j. Grievance procedures and the support available to students will be widely publicised to facilitate access to the grievance resolution process.
- k. A student may choose to have their grievance reviewed by an external complaint handling process. The University will not continue further consideration of matters where the process options have been exhausted or where the student has taken their grievance to an external agency.
