

Sexual Misconduct and Gender-based Violence Prevention and Response for Students Procedure

Section 1 - Purpose and Scope

(1) This Procedure applies to all Students who have experienced, witnessed or otherwise been exposed to Sexual Misconduct or Gender-based Violence. It outlines The University of Queensland's (UQ or the University) processes and activities to promote and foster a University environment for Students that is safe, respectful and free from all forms of Sexual Misconduct and Gender-based Violence.

(2) The complex nature of Sexual Misconduct and Gender-based Violence means that there may be circumstances in individual cases where this Procedure is abridged, supplemented or changed to suit the circumstances of a particular case. In any such case, UQ will draw on the principles and key requirements outlined in its [Sexual Misconduct and Gender-based Violence Prevention and Response Policy](#) (Policy) and advise the relevant parties about the procedures that will be adopted.

(3) Nothing in this Procedure prevents Students from accessing other policies or procedures available to them, including but not limited to the [Student Grievance Resolution Policy](#) and [Procedure](#), the [Student Integrity and Misconduct Policy](#) and [Procedure](#), or the [Public Interest Disclosure Policy](#) and [Procedure](#).

Section 2 - Process and Key Controls

(4) UQ will implement appropriate processes, systems and education programs to promote and foster a safe environment for the UQ Community, Affiliated Organisations and Associated Entities, including for preventing and responding to Sexual Misconduct and Gender-based Violence.

(5) Students who have experienced, witnessed or otherwise been exposed to Sexual Misconduct or Gender-based Violence may be offered Support from UQ and/or make a Disclosure or Formal Report to UQ.

(6) The Policy and this Procedure do not govern disciplinary processes in relation to members of the UQ Community who are alleged to have engaged in Sexual Misconduct or Gender-based Violence. Those processes are governed by the Disciplinary Framework. The Policy and this Procedure deal with UQ's prevention of and response to Sexual Misconduct and Gender-based Violence outside the Disciplinary Framework.

(7) Subject to clause 6, the provision of Support and responding to Disclosures and Formal Reports by Students of Sexual Misconduct or Gender-based Violence will be managed in accordance with this Procedure. Further information and/or advice for Students is available from the Safer Communities Service.

Section 3 - Key Requirements

Prevention of Sexual Misconduct and Gender-based Violence

Maintaining a Safe and Respectful Environment

(8) All members of the UQ Community, Affiliated Organisations and Associated Entities are required to take all reasonable steps to maintain a safe and respectful environment at or related to UQ.

(9) UQ leaders (including student leaders) have particular responsibilities to promote and foster an environment that is free from all forms of Sexual Misconduct and Gender-based Violence.

Education

(10) UQ provides a number of educational opportunities for the UQ Community, Affiliated Organisations and Associated Entities to support the understanding of prevention of, and appropriate response to, Sexual Misconduct and Gender-based Violence.

(11) The Human Resources Division and the Safer Communities Service will:

- a. coordinate appropriately trained and supported [Respect Network](#) members;
- b. coordinate the delivery of an education program designed to assist in the prevention of Sexual Misconduct and Gender-based Violence in the UQ Community;
- c. coordinate appropriate Support for Students affected by Sexual Misconduct or Gender-based Violence;
- d. establish, oversee and coordinate Sexual Misconduct and Gender-based Violence prevention and response protocols and processes, communications, awareness and training; and
- e. carry out any other matters required from time-to-time to perform its functions.

Support for Students who have Experienced, Witnessed or otherwise been Exposed to Sexual Misconduct

Type of Support Available to UQ Community

(12) Support is available to Students who have experienced, witnessed or otherwise been exposed to Sexual Misconduct or Gender-based Violence. This includes Students who have made a Disclosure or Formal Report or who may be supporting someone who has experienced, witnessed or otherwise been exposed to Sexual Misconduct or Gender-based Violence. In an emergency, Students should contact UQ Security on 3365 3333 or through the UQSafe App, who can respond and contact emergency services as required.

(13) Support is available from the following areas within UQ:

- a. Safer Communities Service – contactable via email safercommunities@uq.edu.au;
- b. The Graduate School; and
- c. Directors of Research Training.

(14) Support may include, but is not limited to:

- a. referral to medical services;
- b. access to translation or interpreter services;
- c. access to an Accredited Specialist, qualified counsellor, or other mental health professional;
- d. taking Reasonable Measures, with the agreement of both the Discloser and Respondent or otherwise (see clauses 53 to 59 below);
- e. assistance in making a Formal Report should the Student wish to do so;
- f. assistance through the process of an investigation or determination (to the extent outcomes are able to be disclosed) of allegations pursuant to the Disciplinary Framework;

- g. assistance in making a report to the police or other external agency; and
- h. undertaking ongoing risk assessments to manage and monitor any identified risks (see clauses 51 to 52 below).

(15) Accessing Support does not preclude a Student from also reporting Sexual Misconduct or Gender-based Violence through any of the options listed under 'Disclosures and Formal Reports of Sexual Misconduct and Gender-based Violence' (clauses 22 to 41) of this Procedure.

When Support will be offered

(16) UQ will take all reasonable steps to ensure that Support is provided to all Students affected by Sexual Misconduct and Gender-based Violence. This includes, but is not limited to Disclosers, Reporters, Respondents, and any witnesses.

(17) When a Disclosure or Formal Report is made, UQ will assign staff to collaboratively develop a tailored Support plan with each of the Discloser and the Respondent, in consultation with them. The plan may include facilitating access to one of the Support options outlined under clauses 12 to 15 above (including the implementation of Reasonable Measures) on an urgent and prioritised basis.

(18) Staff and Contractors who work with the Discloser and Respondent to develop the tailored Support plans will have relevant expertise and knowledge. Different Staff and Contractors will be assigned to each of the Discloser and Respondent.

(19) Students who are offered Support can expect the person assisting them to:

- a. provide information relating to the available Support and the Reasonable Measures that may be implemented;
- b. outline the options available to help the person determine any next steps they may wish to take;
- c. ask the person whether they wish to proceed with either a Formal Report or a report to the police or other external agency; and
- d. provide other information set out under clause 31 and/or offer assistance in any other way as appropriate in the circumstances.

(20) An offer of Support or the making of a Disclosure in the context of this section does not itself initiate further action by UQ apart from the development of a tailored Support plan under clause 17 and the provision of Support (see clauses 12 to 15). A Student making a Disclosure is not required to make a Formal Report, and a person who receives a Disclosure from a Student is not required to make a Formal Report in relation to the matter as a Reporter. However, if the Student offered Support or making the Disclosure wants UQ to take further action, they must make a Formal Report. Support will remain available while any Formal Report is progressed.

(21) There may be circumstances where UQ is required to take further action as a result of an offer of Support or the making of a Disclosure even if the person offered Support or making the Disclosure does not elect to make a Formal Report, including:

- a. if it is necessary to do so for the safety and wellbeing of Students, Staff and/or Contractors, in which case UQ may implement Reasonable Measures and/or refer the alleged conduct for investigation under the Disciplinary Framework;
- b. if the information provided may be reasonably believed to include fraud or corrupt conduct within the meaning of the [Fraud and Corrupt Conduct Policy](#) and/or the disclosure may be a Public Interest Disclosure within the meaning of the [Public Interest Disclosure Policy](#), in which case UQ may refer the information to the relevant person under the [Fraud and Corrupt Conduct Procedure](#) and/or the [Public Interest Disclosure Procedure](#); and
- c. in the circumstances set out in clauses 44 to 47 of this Procedure.

Disclosures and Formal Reports of Sexual Misconduct and Gender-based Violence

How to make a Disclosure

(22) A Student may make a written or verbal Disclosure, including through:

- a. the [UQ Complaints and Appeals](#) webpage;
- b. the [Safer Communities Service - Report](#) webpage;
- c. speaking to any Safer Communities Service member of staff – including by booking an appointment via [Book a Sexual Misconduct Support Appointment](#);
- d. by email to safercommunities@uq.edu.au;
- e. by telephone call to +61 7 3443 1000.

(23) In some cases, Students may prefer to make a Disclosure without including names or other identifying details. Students may make an anonymous Disclosure through the avenues identified at clause 22. Disclosures that are anonymous and/or contain minimal information may limit UQ's ability to take further action.

(24) All persons, including the Discloser and Respondent, are entitled to be accompanied by a support person when they are asked about the matters that are the subject of a Disclosure.

How to make a Formal Report

(25) Students may make a written or verbal Formal Report, including through:

- a. the [UQ Complaints and Appeals](#) webpage;
- b. the [Safer Communities Service - Report](#) webpage;
- c. speaking to any Safer Communities Service member of staff – including by booking an appointment via [Book a Sexual Misconduct Support Appointment](#);
- d. by email to safercommunities@uq.edu.au;
- e. by telephone call to +61 7 3443 1000.

(26) UQ may make a report to the police or other relevant external agencies (see clauses 44 to 47 of this Procedure) and it will be considered a Formal Report under this Procedure if the matter is referred back to UQ by an external agency or separately notified to any of the UQ bodies referred to in clause 25 above.

Anonymous Formal Reports and Formal Reports from Reporters and Third Parties

(27) In some cases, Students may prefer to make a Formal Report without including names or other identifying details.

(28) Students who witness or become aware of Sexual Misconduct or Gender-based Violence may also make a Formal Report and are encouraged to do so.

(29) UQ will, where possible, act on anonymous Formal Reports including reports from Reporters and Third Parties.

(30) Formal Reports that are anonymous and/or contain minimal information may limit UQ's ability to take further action.

What Happens when a Formal Report is Received?

(31) The person receiving a Formal Report will take each of the steps below as are appropriate in the circumstances:

- a. inform the Student making the Formal Report of the Support available to them, including Reasonable Measures that may be implemented;

- b. outline the options available to the Student making the Formal Report to help them determine any next steps they may wish to take;
- c. inform the Student making the Formal Report that if the Formal Report does not relate to conduct covered by the Disciplinary Framework, the University may not be able to take any further action beyond the provision of Support, including Reasonable Measures;
- d. outline UQ's processes for investigation and determination of allegations pursuant to the Disciplinary Framework and the likely burden of proof that will apply in any investigation;
- e. inform the Student making the Formal Report that determination of an allegation pursuant to the Disciplinary Framework may not be possible without the Student's participation (including by assisting in preparing evidence and participating in a hearing);
- f. ask the Student making the Formal Report how they would like their report resolved (UQ will take this into account, but will take such further action as it considers appropriate in the circumstances);
- g. ask the Student whether they wish to make a report to the police or other external agency;
- h. outline how Formal Reports are progressed;
- i. outline the likely timeframes, including when any updates are likely to be provided;
- j. provide the name of a UQ contact person who will provide updates and from whom they can seek further information; and
- k. offer assistance in any other way as appropriate in the circumstances.

(32) All persons, including the Discloser and Respondent, are entitled to be accompanied by a support person when they are asked about the matters that are the subject of a Formal Report.

Who Will a Formal Report be Provided To?

(33) A Formal Report will be provided to the following officer/s at UQ:

- a. if the Respondent is a Student, the Academic Registrar;
- b. if the Respondent is a member of staff covered by the [UQ Enterprise Agreement 2021-2026](#), the Head of Organisational Unit where the Respondent is engaged and the Chief Human Resources Officer (or nominee); or
- c. if the Respondent is a member of the UQ Community who is not a Student, or a staff member to whom the Enterprise Agreement applies, the Head of Organisational Unit responsible for the engagement of the Respondent or other person to whom the Respondent reports and the Chief Human Resources Officer (or nominee).

(34) If the Respondent holds more than one status, the Formal Report may be provided to all relevant officers. For example, a Respondent who is both a Student and a member of staff covered by the Enterprise Agreement (including a Student enrolled in a Higher Degree by Research program who is also employed as a member of staff covered by the Enterprise Agreement) at the University may be subject to multiple disciplinary processes in relation to the same alleged conduct, if a Formal Report is made pursuant to both clauses 33(a) and 33(b).

(35) If the Respondent holds none of the above statuses or the conduct is not covered by the Disciplinary Framework, the University may be unable to refer the Formal Report for further action within the University. However, UQ will consider the safety and wellbeing of Students, Staff and Contractors in determining the action it will take in response to such Formal Reports.

How Will a Formal Report be Progressed?

(36) Once a Formal Report is provided to the relevant officer/s at UQ under clauses 33 to 35, further action including a disciplinary process may be taken by UQ pursuant to the Disciplinary Framework.

(37) UQ will refer all Formal Reports where the Respondent is a Student, Staff or Contractor for investigation under the

Disciplinary Framework, regardless of the context in which the Sexual Misconduct or Gender-based Violence is said to have occurred.

(38) Staff, Contractors or external persons involved in responding to Formal Reports, including dealing with Formal Reports pursuant to the Disciplinary Framework, will have Relevant Knowledge, experience, and expertise in relation to Sexual Misconduct and Gender-based Violence. Staff and Contractors involved in responding to Formal Reports will undertake training in these matters at least once every three years.

Timeframes

(39) In relation to the timeframes applicable to the finalisation of Formal Reports, refer to the [Student Integrity and Misconduct Procedure](#) (where the Respondent is a Student) and the [Sexual Misconduct Prevention and Response for Staff Procedure](#) (where the Respondent is a member of Staff or Contractor).

(40) Otherwise, in relation to the timeframes applicable to the finalisation of Formal Reports made by Students where the Respondent is not a Student, member of Staff or Contractor:

- a. The Policy and Procedure are designed to allow those Formal Reports to be finalised within 45 business days of being made to the University.
- b. Compliance with this timeframe, including as amended under clause 40(c), is not a pre-requisite to making any decision under the Policy or this Procedure. For the avoidance of doubt, failure to comply with the timeframe does not render any decision under the Policy or Procedure invalid.
- c. The timeframe for finalisation may only be extended if:
 - i. a person to whom the Formal Report has been provided under clause 33 considers that an extension is required for one of the following reasons:
 - the conduct the subject of the Formal Report is the subject of a police investigation or court process;
 - to afford Procedural Fairness to the Respondent or any other person;
 - to allow the conduct the subject of the Formal Report to be appropriately investigated (including in a Person-Centred and Trauma-Informed way, if appropriate);
 - to allow that person sufficient time to consider the relevant material and make a decision;
 - to allow that person or another officer of the University to obtain legal advice;
 - to comply with a requirement under the Enterprise Agreement.
 - ii. alternatively, the Chief Operating Officer determines that the extension is required in the particular circumstances.
- d. The timeframe for finalisation may be extended pursuant to clause 40(c) with retrospective effect.
- e. A person to whom the Formal Report has been provided under clause 33 is not required to notify the Discloser, the Respondent or any other person if the timeframe for finalisation has been extended or on what basis it has been extended.

Notice requirements

(41) In relation to the notice requirements for Formal Reports referred for investigation pursuant to the Disciplinary Framework under clause 37 or otherwise progressed in a disciplinary process under the Disciplinary Framework, Students should refer to the [Student Integrity and Misconduct Procedure](#) (where the Respondent is a Student) and the [Sexual Misconduct Prevention and Response for Staff Procedure](#) (where the Respondent is member of Staff or Contractor).

Disclosures and Formal Reports by a Third Party

(42) A Third Party may make a Disclosure or Formal Report about their experience of Gender-Based Violence or Sexual Misconduct where the Respondent is a Student, in the same way as a Student under this Procedure.

(43) Where the Discloser is a Third Party and the Respondent is a Student, UQ will deal with the Disclosure or Formal Report (including the provision of Support to the Discloser) in the same way as it would deal with a Disclosure or Formal Report made by a Student under this Procedure.

Reporting to the Police or other External Agency

(44) UQ will offer Support to a Student who wishes to report a matter to the police.

(45) Two basic principles underpin UQ's position on reporting Sexual Misconduct and Gender-based Violence to the police or other external agency:

- a. Any person can make a report to the police or other external agency at any time. No-one can compel or prevent any person from reporting or referring a matter to the police or other external agency and no-one is permitted to exert any pressure on any person to dissuade them from reporting or referring a matter to the police or other external agency; and
- b. Generally, it should be the Discloser who decides whether or not they report the matter to the police or other external agency.

(46) Offers of Support, Disclosures and Formal Reports will not be reported by UQ to the police or other external agency without the consent of the Discloser, except where:

- a. UQ is required by law to report the matter; or
- b. the Vice-Chancellor is satisfied there is a risk to the health, safety or wellbeing of members of the UQ Community.

(47) When reporting an offer of Support, a Disclosure or a Formal Report to the police or other external agency, UQ will only provide as much information as is required by law, or as necessary for action to be taken having regard to the health, safety or wellbeing of members of the UQ Community.

Victimisation

(48) UQ will not tolerate Victimisation of any member of the UQ Community involved in an offer of Support, a Disclosure or Formal Report, including the Discloser, the person/s who are the subject of the Disclosure or Formal Report or receiving Support and/or those involved in managing the matter.

(49) Any Student who feels that they are experiencing Victimisation should inform any of the following parties so the matter can be appropriately investigated:

- a. the Safer Communities Service via the [Safer Communities Service support](#) webpage; or
- b. the Student Conduct and Grievance Resolution unit.

(50) Reasonable Measures may be used to prevent Victimisation of those receiving Support or involved in a Disclosure or Formal Report.

Risk Assessments

(51) UQ will undertake a risk assessment following the receipt of any Disclosure or Formal Report. The risk assessment may identify any necessary or appropriate Reasonable Measures and manage and monitor any identified risks on an

ongoing basis.

(52) The risk assessment will be undertaken by:

- a. Safer Communities Service;
- b. any other member of Staff, Contractor or external person engaged by the University, who has expertise in such risk assessment, competency in working with relevant specific cohorts, and Relevant Knowledge.

Reasonable Measures

(53) Students affected by Sexual Misconduct or Gender-based Violence can make a request for Reasonable Measures or UQ may implement Reasonable Measures as are necessary or appropriate in the circumstances. Students affected by Sexual Misconduct or Gender-based Violence include, but are not limited to, a Discloser, Reporters, Respondents, and any witnesses.

(54) The implementation of Reasonable Measures for affected Students will be determined by either Student Support and Wellbeing Services, Academic Services Division or Human Resources Division on a case-by-case basis, in recognition of the complexities and sensitivities associated with managing Sexual Misconduct and Gender-based Violence, and in accordance with UQ policies and procedures, relevant contracts and the Enterprise Agreement if applicable.

(55) Any Reasonable Measures implemented following an offer of Support, a Disclosure or Formal Report, during an investigation, disciplinary process pursuant to the Disciplinary Framework, or investigation by the police or other external agency, do not amount to a determination as to whether Sexual Misconduct or Gender-based Violence has occurred.

(56) In implementing any Reasonable Measures, UQ will:

- a. be Trauma-Informed and Person-Centred;
- b. consider the risk to the affected parties;
- c. where applicable, apply the principles of Procedural Fairness;
- d. seek to balance any conflicting rights and interests;
- e. seek to prevent Victimisation;
- f. discuss any proposed Reasonable Measures with affected parties where appropriate; and
- g. where appropriate, endeavour to implement an acceptable outcome for affected parties involved.

(57) At times, meeting the expectations of all parties will be difficult. In the first instance, UQ may attempt to facilitate agreement between the parties (including the Disclosure and Respondent) about the Reasonable Measures if appropriate in the circumstances. If there is no agreement about Reasonable Measures, the following person will make a final decision having considered the position of all relevant parties:

- a. if the Respondent is a Student, the Academic Registrar;
- b. if the Respondent is a member of staff covered by the Enterprise Agreement, the Head of Organisational Unit responsible for engagement or management of the Respondent, in consultation with the Chief Human Resources Officer (or nominee), for the purposes of the Enterprise Agreement; or
- c. if the Respondent is a member of the UQ Community who is not a Student, or a staff member to whom the Enterprise Agreement applies, the Head of Organisational Unit responsible for the engagement or management of the Respondent or other person to whom the Respondent reports.

(58) Reasonable Measures for Students will be implemented by the Safer Communities Service and may include, but are not limited to:

- a. housing re-location or short term emergency housing;
- b. class timetable changes;
- c. temporary remote learning or working arrangements;
- d. other schedule changes;
- e. academic adjustments;
- f. special considerations for withdrawal without penalty;
- g. work placement reassignment;
- h. emergency funding;
- i. wellbeing and safety planning;
- j. measures to minimise the risk of Victimisation;
- k. residential separation arrangements;
- l. other safety measures.

(59) Students who are not satisfied with a decision made in relation to Reasonable Measures under clauses 53 to 58 of this Procedure have rights to appeal the decision under (as relevant) the [Student Grievance Resolution Policy](#) and [Procedure](#), or any other UQ policy, procedure or process applicable to the decision.

Non-Disclosure Agreements

(60) The University will not use Non-Disclosure Agreements in relation to Disclosures or Formal Reports of Sexual Misconduct and/or Gender-based Violence unless a Discloser requests the use of a Non-Disclosure Agreement.

(61) If a Discloser requests the use of a Non-Disclosure Agreement in relation to Sexual Misconduct and/or Gender-based Violence, any such agreement with the University will not stop the Discloser from sharing their experience for the purpose of seeking support and advice or prevent the University from complying with their reporting obligations.

(62) Any settlement terms agreed between a Discloser and the University will not contain a Non-Disparagement Clause that could have the effect of requiring the Discloser to keep their experience of Sexual Misconduct and/or Gender-based Violence confidential.
