(19) Schools, Faculties and Institutes that wish to establish higher requirements for admission to particular programs, based on professional registration standards or particular program requirements, must submit such requests, using the [Proposal to Change English Language Proficiency Requirements for Current Programs Form](#), and then to the CASSC for consideration. Submissions to change the ELP requirement for a program must include the academic

justification for the change and must be submitted for consideration by CASSC and Academic Board by July each year for implementation in the following admissions cycle.

(20) If endorsed by CASSC, such requests will be referred to CAPP and the Academic Board for further consideration, and to the Vice-Chancellor for approval. If approved, these changes will be clearly and widely promulgated, in advance of implementation, to prospective students and other relevant stakeholders.
