

Probation and Confirmation of Continuing Appointment (Academic Staff) Procedure

Section 1 - Purpose and Scope

(1) The University of Queensland (UQ or the University) is committed to ensuring that a robust career and performance development approach exists for academic staff which provides a foundation for the achievement of academic excellence.

(2) This Procedure provides a practical context to the process, key controls and responsibilities with regard to academic probation reviews (Mid-Term and Final), consistent with the principles outlined in the [Confirmation and Promotions \(Academic Staff\) Policy](#).

Scope

(3) This Procedure applies to all academic staff employed on a continuing basis who are subject to a probation period as outlined in the [Enterprise Agreement](#).

(4) This Procedure does not apply to academic staff members on a fixed-term appointment. Fixed-term academic staff will be subject to the probation period and conditions outlined in their letter of offer, in accordance with the [Enterprise Agreement](#).

(5) For avoidance of doubt, where a fixed-term academic staff member is successful in securing a continuing academic appointment, the staff member will then be subject to the probation and confirmation of appointment process, as outlined in this Procedure.

Section 2 - Key Controls

Review Periods

(6) Continuing academic staff are required to undergo two major reviews during a three-year probation period:

- a. Mid-Term Review is typically conducted between 12 and 15 months after commencement of the probation period.
- b. Final Review is typically conducted between 6 and 9 months prior to the probation end date.

Link Between Probationary Reviews and Annual Performance and Development (APD) Process

(7) Irrespective of Mid-Term Review or Final Review submission dates, probationary academic staff will participate in the normal Annual Performance and Development (APD) process, consistent with the timeframes for non-probationary academic staff.

(8) Whilst it is expected that the APD process will align to the performance expectations required for confirmation, these processes will operate independently. Accordingly, APD documentation will not form part of the Mid-Term or Final Review submission provided to the relevant Confirmation and Promotion Committee.

Transitional Arrangements

(9) Due to the introduction of changes to the [Criteria for Academic Performance Policy](#) on 7 October 2021, a transitional approach will be implemented to determine which Criteria will be used for assessment in Mid-Term and Final Review processes. For the purpose of this Procedure, the previous Criteria for Academic Performance will be referred to as the '[legacy criteria](#)'.

a. Academic Staff with a Probation Period Commencing after 7 October 2021:

Academic staff in this category will immediately adopt the current Criteria for Academic Performance for all relevant performance processes including Annual Goal Setting, Annual Performance and Development (APD) process, Mid-Term Review and Final Review.

b. Academic Staff with a Probation Period Commencing prior to 7 October 2021

For the purpose of Mid-Term and Final Review processes, academic staff in this category will be assessed against the [legacy Criteria for Academic Performance](#). The legacy performance documentation (Form A, B, C, D) will continue to be used for these staff undertaking their Mid-Term and Final Review processes before 30 June 2022.

However, to ensure that academic staff in this category are not disadvantaged beyond the conclusion of their probation period by anchoring their goals and activities to the legacy criteria and processes, they will transition to the current Criteria for Academic Performance and new Goal Setting and Annual Performance and Development (APD) processes from 1 July 2022.

Assessment

(10) Assessment will be against the Criteria for Academic Performance outlined in clause 9 for the staff member's academic level and category at the time their application is considered. The Committee may however, in an effort to ensure that an applicant is not disadvantaged by a change in academic category, give consideration to the overall contribution of an applicant since their appointment.

(11) The duties assigned to the staff member by the Supervisor and Head of School (HOS) should reflect the balance appropriate to the academic category and level of appointment and should ensure that probationary staff have the opportunity to meet the criteria for confirmation of continuing appointment. For example, in circumstances where a probationary staff member appointed to a continuing teaching and research position subsequently accepts a temporary research focused role during their probationary period, it is strongly recommended that the staff member continues to undertake some teaching activity to demonstrate competency in this domain.

(12) It is the joint responsibility of the Head of School and the staff member to consider the implications of changing a staff member's academic category while on probation and the requirements for Final Review.

Final Review

(13) Applicants are to be aware that:

- a. it is critical that feedback provided as a result of the Mid-Term Review is considered and responded to as part of the Final Review process; and
- b. all mandatory training must be completed prior to the submission of the Final Review documentation.

Particular Circumstances

On Commencement

(14) All probationary staff are expected to discuss the expectations for their academic category and level with their

Supervisor on commencement. Following this discussion, appropriate goals and objectives should be recorded in Workday for discussion at the first annual performance and development review.

(15) The staff member and academic Supervisor should meet regularly during the first year of employment to review progress against these goals and ensure that appropriate support is in place.

Shortening or Waiving Probation

(16) Probation may only be shortened or waived in exceptional circumstances with approval by the Provost.

Probation Extension

(17) In exceptional circumstances, the period of probation may be extended by one or two years, at the request of the staff member.

(18) The staff member must apply in writing to the relevant HOS/Director prior to the Final Review. A request for extension of probation must clearly articulate both the exceptional circumstances relevant to the request and the duration of the probation extension sought.

(19) The HOS/Director will consider the submission and provide a written recommendation for consideration by the relevant Committee Chair.

(20) Alternatively, the Committee may extend the probation period for one or two years as an outcome of the Final Review process.

(21) Only one extension to the probation period is permitted.

Probation in Abeyance

(22) The probation period applicable to continuing academic staff is intended to provide appropriate opportunity to demonstrate the expected level of performance across all domains, equivalent to their Academic level and category.

(23) In circumstances where a probationary staff member is unable to demonstrate the key requirements of their substantive position due to extended leave, secondment to a different role, or other relevant circumstances, the relevant Committee Chair on recommendation from the Supervisor may place the probation period in abeyance for an equivalent period. Alternatively, a request to place the probation period in abeyance can also be initiated by the staff member with appropriate justification.

(24) Probation in Abeyance will not be used in circumstances where the absence is less than 12 weeks.

(25) Upon return to the workplace, a revised probation end date will be confirmed.

Probation/Promotion Relationships

(26) Where a Level A academic is on probation and is successful in gaining promotion to Level B, confirmation of continuing appointment will be considered against the academic criteria for Level B. Confirmation of continuing appointment will be determined by the relevant LCPC in accordance with the standard Final Review process.

(27) Level B-D staff on probation who make a successful application for promotion, will also be considered by the Committee for early confirmation of continuing appointment if they have been employed by the University for two years or more at the time of the promotion submission date.

Section 3 - Key Process Requirements

(29) Once the Mid-Term/Final Review Application Form is submitted by the applicant, it will progress to the relevant Head/Director to provide their review and recommendation.

Heads of School/Director

(30) Upon receipt of the Mid-Term/Final Review Application Form, the HOS/Director is required to provide their assessment and recommendations. This involves providing an assessment and commentary against each academic domain as well as an overall recommendation. Where the HOS/Director has consulted with relevant staff to inform the assessment, including the Supervisor, the names of these staff must be included.

Executive Dean Report (Level E only)

(31) For Faculty-based applicants undergoing Mid-Term/Final review at Professor Level (Level E) the application will also be reviewed by the Executive Dean.

- For Mid-Term Review applicants, the Executive Dean will review the documentation and provide formal written feedback to the probationary staff member.
- For Final Review applicants, the Executive Dean will be required to provide their assessment and recommendation as part of the Final Review submission.

(34) Submitted applications are considered final and are not to be amended following submission.

Head of School Probation Requirements

(35) It is recognised that Heads of School have a significant leadership responsibility beyond that of most academic staff. Heads of School who are on probation should also address the [Faculty, School and Institute Governance and Management Procedure](#) (as appropriate) when submitting documentation for Mid-Term and Final Review.

References

(36) In circumstances where clarification is needed on a specific aspect of an applicant's case, referees may be sought at the discretion of the Committee Chair. Referees must be able to attest to the applicant's contribution and impact and it is expected that referees will be at or above, the academic level of the applicant.

Conflict of Interest Considerations

(37) If a perceived or potential [conflict of interest](#) exists, the referee must declare this to the person seeking the reference.

(38) This may include:

- a. being a mentor, relative or friend;
- b. having held a grant or published with the person in the preceding five years;
- c. having participated in the same research group in the preceding five years;
- d. having ongoing and close collaboration links; or
- e. being a current member of the relevant Confirmation and Promotions Committee.

(39) A referee must not have an actual [conflict of interest](#) with the applicant.

Adverse Comments

(40) Applicants will have the opportunity to respond to adverse referee comments.

Committee Interview

(41) As part of the Final Review process, all applicants will be interviewed by the relevant Committee.

(42) The interview process provides an opportunity for applicants to present their case for confirmation and enables the Committee to seek clarification on any aspects of the application.

(43) The interview will also provide an opportunity for applicants to further discuss the Heads of Schools/Director's recommendation and any other relevant matters as required.

Appeals

(44) In circumstances where the relevant committee determines that a Final Review applicant's probation period is to

be extended or not confirmed, a staff member may only appeal the decision on procedural grounds.

(45) Prior to appealing, it is expected that the unsuccessful applicant will seek feedback on their application and reasons for the decision to extend or not to confirm.

(46) An appeal must be lodged in writing to the Chief Human Resources Officer at cap@uq.edu.au within 10 days following the feedback meeting with the Committee Chair. In order for an appeal to be upheld, the Provost or Vice-Chancellor as Authorised Officer must be satisfied that the procedural error had a substantial and significant impact on the decision. The decision of the Authorised Officer is final.

Notice

(47) For applicants for whom the decision is not to confirm, the University may elect to provide payment in lieu of notice (in whole or in part) in accordance with the provisions of the [Enterprise Agreement](#).
