- (2) The UQ brand is UQ's distinctive identity, which is conveyed to stakeholders and other audiences. The UQ brand includes the name (The University of Queensland or UQ), the logo, tagline, tone of voice and visual identity.
- (3) This Procedure applies to all UQ staff, students and controlled entities and should be read in conjunction with:

- (6) UQ staff and students (including student clubs and associations) are not permitted to use the UQ brand for non UQ-related business or for any purpose that has not been approved by M&C or is inconsistent with the UQ Brand Guidelines.

- (9) All communication and engagement activities with external parties (including emails) must use brand compliant templates sourced from the UQ [DAM](#).

# Section 3 - Key Requirements

## Use of the UQ Logo

### Staff and Students

(10) Other than when using approved templates downloaded from the DAM, use of the UQ logo is restricted and permission must be obtained from M&C. All variations of the UQ logo are available to view in the DAM, with downloads subject to an approval workflow. To ensure logo download requests are actioned, a reason must be provided that includes the following information:

- a. what the logo is being used for;
- b. where the logo will appear.

(11) This information ensures the correct version and file format are released for the intended purpose.

### External Parties

(12) An external party's use of the UQ logo is permitted to promote UQ partnerships and sponsorships if a written agreement is in place and has the approval of M&C.

(13) Unless formalised through a written agreement and approved by M&C, the UQ logo must not be used to advertise, or to imply UQ's endorsement of, an external company, product or service.

(14) All proposals and requests for an external party's use of the UQ logo must be submitted to M&C ([brand@uq.edu.au](mailto:brand@uq.edu.au)) and include the following information:

- a. the external party's relationship with UQ;
- b. the proposed purpose of the use of the logo;
- c. the proposed format of the use of the logo; and
- d. the proposed date and period when the logo will be used.

(15) Applications to use the logo will usually be responded to within two working days of the request being received by M&C. If approved, use of the logo is limited to the use proposed in the original application and all artwork must be sighted by M&C for final approval before being dispatched to the external party.

### Clubs and Associations

(16) UQ clubs and associations (including student and sports clubs) must not use the UQ logo for non UQ-related business or for any purpose that has not been described in an affiliation agreement, approved by M&C or is inconsistent with the UQ Brand Guidelines.

(17) All proposals and requests for club and association use of the UQ logo for non UQ-related business must be submitted to M&C ([brand@uq.edu.au](mailto:brand@uq.edu.au)) and include the following information:

- a. name of the club or association;
- b. the proposed purpose of the use of the logo;
- c. the proposed format of the use of the logo; and
- d. the proposed date and period when the logo will be used.

## Inappropriate or Unauthorised Use of the UQ Logo

(18) M&C will contact any person or group using the UQ logo inappropriately, without authorisation or inconsistent with the UQ Brand Guidelines to resolve non-compliance issues. If non-compliance is not resolved within a reasonable timeframe, the matter will be referred to:

- a. Chief Marketing and Communication Officer (if use is internal)
- b. Legal Services (if use is external)

## Controlled Entity Branding

(19) UQ controlled entity brands (logo and visual identity) must be developed as a sub-brand of UQ that is complementary to and compliant with [UQ Brand Guidelines](#). All sub-brands, logos and visual identities must have prior approval and be developed in consultation with M&C with final approval from the CMCO and the Vice-Chancellor.

(20) UQ controlled entities may be considered for special branding requirements and requests on submission of a formal business case to M&C. Controlled entities should contact M&C to discuss their brand requirements or proposals ([brand@uq.edu.au](mailto:brand@uq.edu.au)). Approval will only be considered for exceptional cases.

(21) Products, services or companies that have been commercialised through a UQ controlled entity must use unique, non-UQ logos and branding developed in accordance with their own specific marketing requirements. If appropriate, UQ may be acknowledged and UQ logo used, subject to M&C approval.

(22) Co-branding options may be developed where required with approval from M&C.

## Names

(23) Names used in conjunction and/or co-branded with the UQ name (The University of Queensland or UQ) for products, services, initiatives and places should support UQ's brand architecture and be consistent with the [UQ Brand Guidelines](#).

(24) Staff must seek prior approval from M&C for the development of names used in conjunction with the UQ name.

(25) The naming of physical and non-physical UQ assets must also comply with UQ's [Naming Policy](#).

## Trademarks

(26) Registration of a trademark on behalf of UQ requires the approval of the Vice-Chancellor.

(27) Organisational Units seeking to apply for trademark registration must work closely with Legal Services and M&C to manage this process.
