- d. Other than teaching space, UQ's built space and UQ Facilities are managed by Property and Facilities Division, unless otherwise determined by the Chief Operating Officer, with reference to the [Capital Management Group](#).
- e. The Capital Management Group will decide on the occupation of new buildings and the consequential vacated space; changes to the function or purpose of space; transferrals of vacated space from one portfolio to another; and allocation of space when competing requests are unresolved.
- f. Space allocation is subject to availability, not guaranteed to any particular Organisational Unit and subject to change based on UQ's requirements.

(27) Space will be allocated to optimise overall utility subject to safety, functional and compliance requirements.

(28) Space allocation may include flexible working arrangements:

- a. where desk space is used by on campus staff, while other staff are working from home; and
- b. other co-working approaches where desks are not assigned but desk use may be booked.

(29) All reasonably practicable and cost effective measures will be considered to maximise convenience in space allocation decisions.

(30) An appropriate number of small meeting rooms, booths or semi-private spaces will be provided for staff accommodated in shared or open-plan work areas to provide privacy for meetings, phone calls and activities requiring privacy.

(31) The following principles, in conjunction with the requirements set out in Table 1, will apply to workspace allocations for academic and faculty/institute based staff:

- a. Academic Level C, Level D, Level E, Faculty/Institute Executives¹ are eligible for a cellular office and direct reports to a member of the University Senior Executive Team (USET) may be eligible for a cellular office. In some circumstances, other staff may also be eligible for a cellular office. Allocation of a cellular office is not an absolute entitlement.
- b. Academic Level A and B will be provided with an appropriate shared office environment. This may be varied according to the particular discipline or function of individual staff members.
- c. Professional and Technical Faculty/Institute staff (HEW 4-10) will be provided with an open planned or shared office environment.
- d. Casual/sessional and fractional appointments will be expected to share an office or workspace with other staff, including bookable desks or hot-desks.
- e. Higher Degree by Research (HDR) students will be provided with an open planned or shared office environment. Wherever reasonably possible, this will be in close proximity to colleagues and academic advisors.
- f. Adjunct staff will be provided with access to hot desks where required.
- g. Emeritus Professors who remain research active or have a teaching load may be allocated an office if approved by the Provost.
- h. For fixed-term appointments of six months or less, the allocation of individual office space will be at the discretion of the Head of School or the employee's Manager.

(32) For leave or off campus periods of four months or more, office/desk space may be reallocated to others. When staff are on leave, or assigned to another location, their space may be used by other staff at the discretion of the Head of School or the employee's manager.

(33) Staff working in various locations that have an office in one location will be required to share space at other locations in a hot desk or similar arrangement.
